The Janssen Gronelaers cross has been one of my favorites. Here we have a Janssen based cock who is bred almost exactly the same as the sire of "Smokin' Joe" (same dams and the sires were brothers). He is crossed on a linebred "Bliksem" (19%) hen who is one of my best.

Pair 2008-108 F1 Hofken X Zoontjen

Another mating that sure looks great on paper. An inbred son of "Hollywood" that traces 100% to "Hollywood" and his great mother "Breeder's Best". The hen is one of my most valued. Not only is she a direct daughter of "President" but her dam is not an outcross, but from the same Zoontjens family. This true F1 cross has as its four grandparents, four of the greatest birds in the sport. High hopes for this mating!
